

GROCERY SHOPPING

STORY

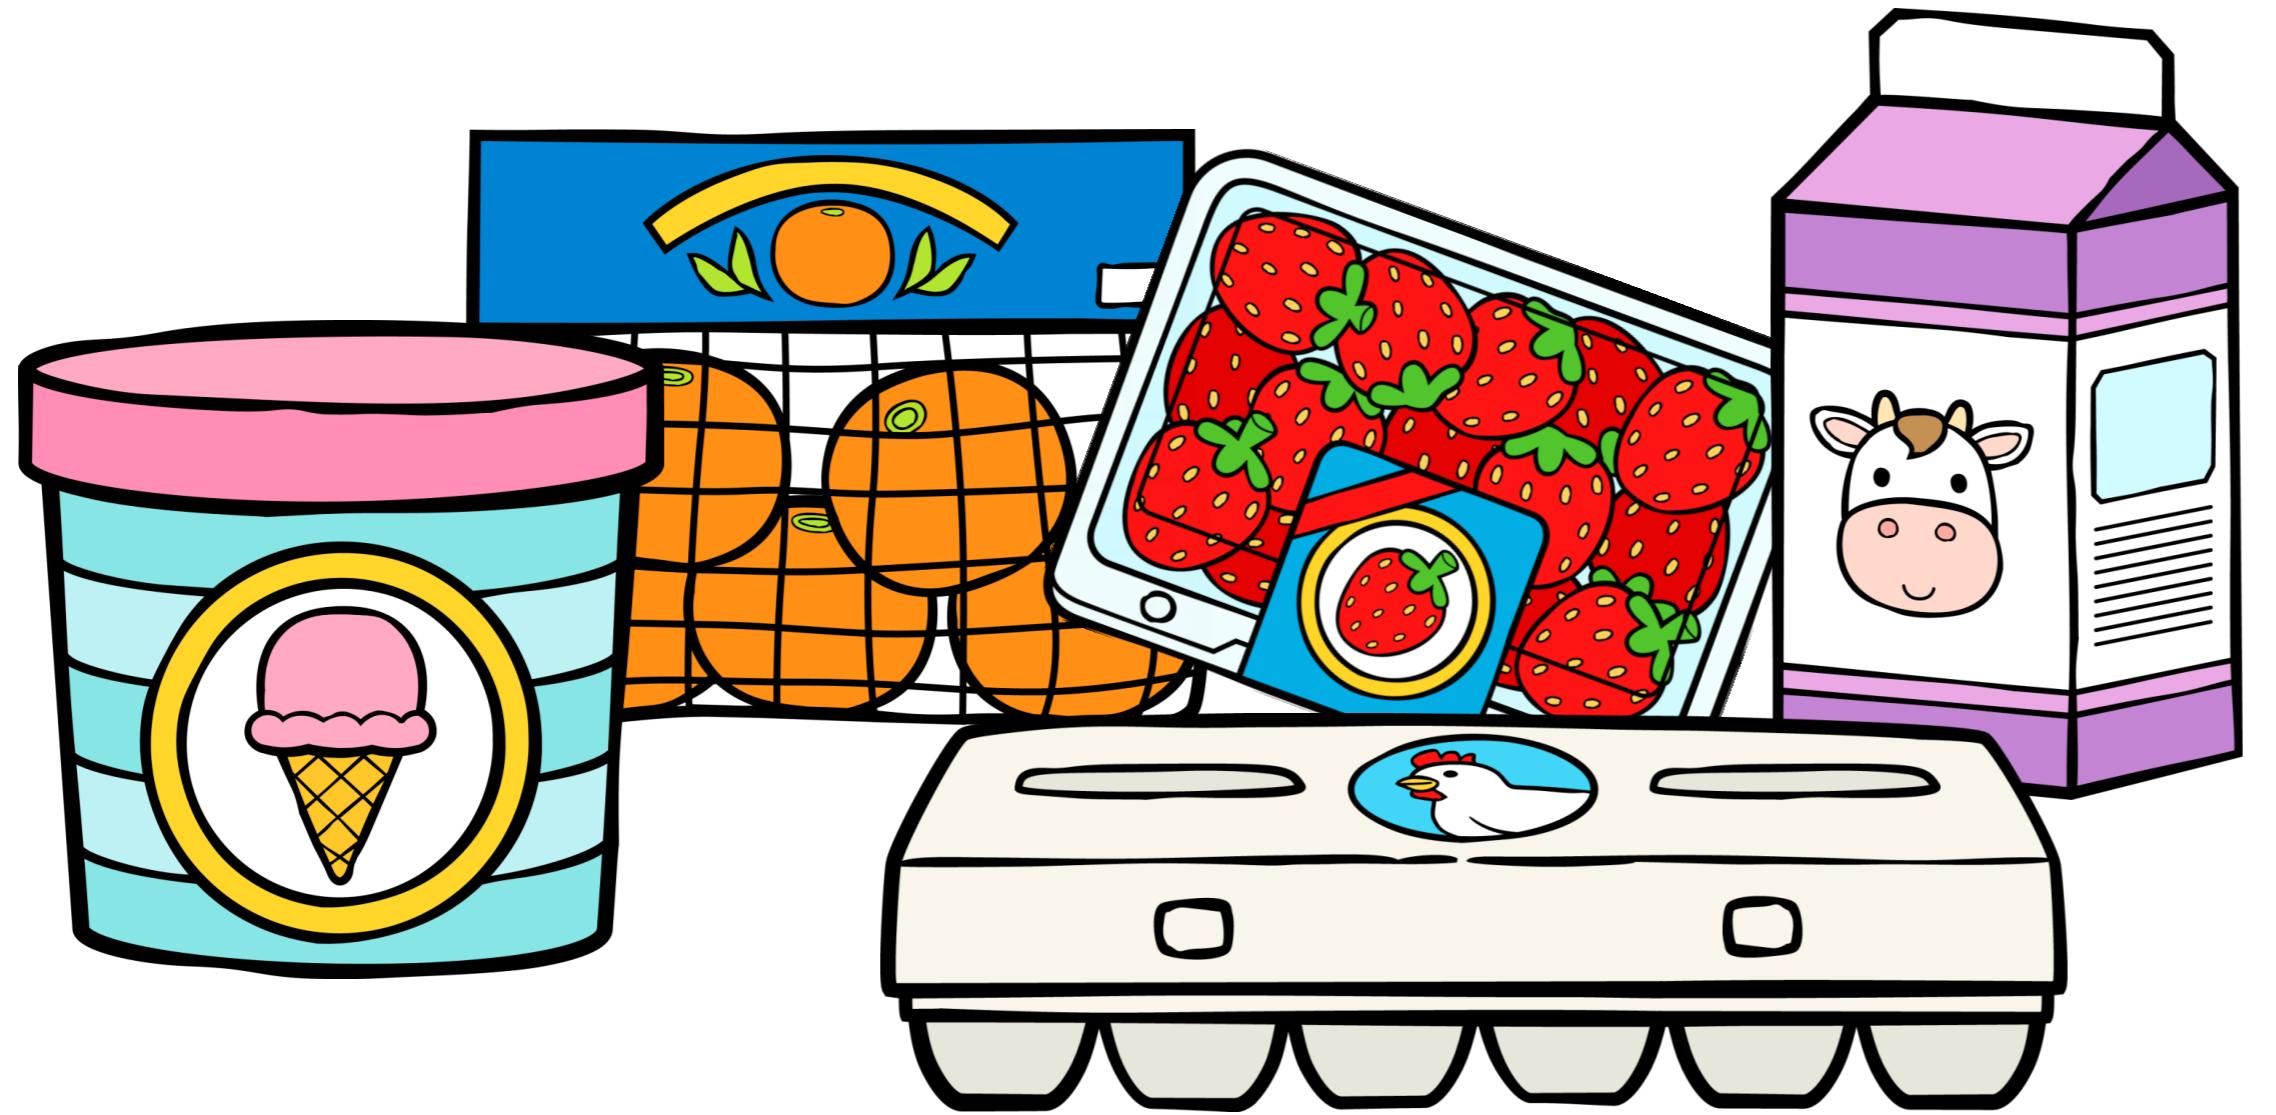

Harold is at the grocery
store, and he's really upset.

He just bought some
groceries, and he can't believe
he just spent sixty dollars!

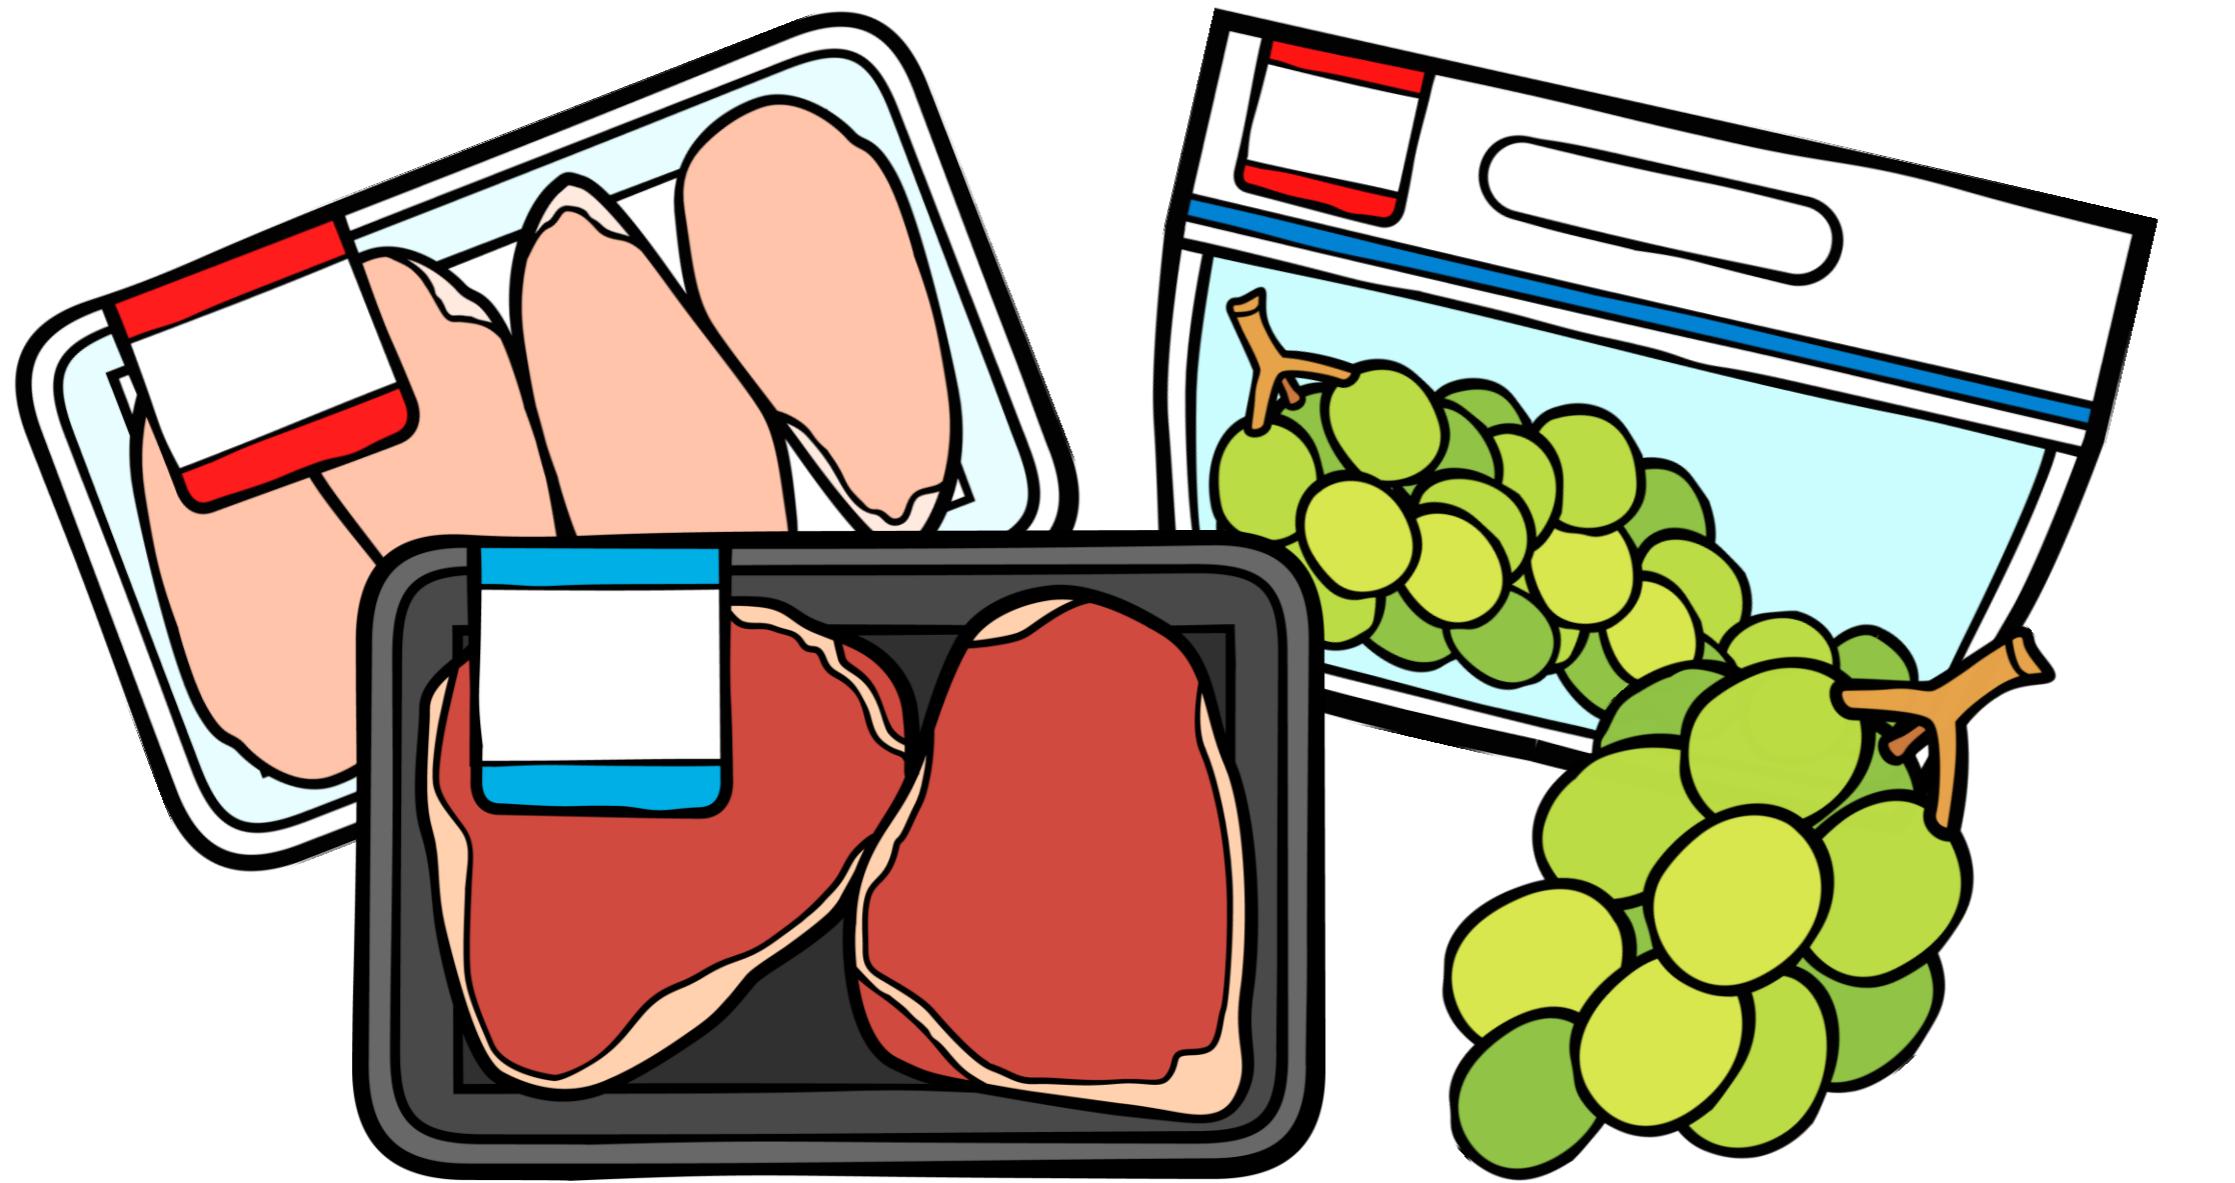

He bought only a few oranges, a few strawberries, a little milk, a little ice cream, and a few eggs.

He also bought just a little coffee,
a few pickles, a few raisins, a little
rice, a little cheese, and a few
muffins.

He didn't buy very many grapes,
and he didn't buy very much meat.

**Harold just spent sixty dollars,
but he's walking out of the
grocery store with only two
bags of groceries.**
